ANNOUNCEMENT

25 January 2010

NOTICE OF NO CORPORATE ASSOCIATIONS

It has come to Medusa Mining Limited's ("Medusa" or the "Company") attention that there have been articles in the media creating the impression of a connection between Medusa and other listed companies within the gold sector.

We wish to advise that the Company has NO corporate association, affiliation nor involvement with any such entity, and any contrary impression is entirely false.

ABOUT MEDUSA MINING LIMITED

Medusa Mining Limited ("Medusa" or the "Company"), a public company listed on the ASX, AIM and the TSX, is an Australian based gold producer, focussed solely on the Philippines.

With current mineral resources comprising Indicated 580,000 ounces of gold and Inferred 1,310,000 ounces of gold, Medusa's corporate strategy is to become a mid tier 300,000 to 400,000 ounce per year, low cost gold producer.

The Company is currently expanding its high grade Co-O Mine operations (Indicated Resources 580,000 ounces of gold inclusive of a Probable Reserve of 500,000 ounces of gold, and Inferred Resources 660,000 ounces of gold) to increase its forecast production to 100,000 ounces per year in 2010, and is conducting near mine exploration to assess the possibilities of further expansion to 200,000 ounces per year. Current cash costs at the Co-O Mine are approximately US\$200 per ounce.

A pipe-line of deposits is now being established with the Bananghilig Deposit (Inferred Resource of 650,000 ounces of gold) recently added and which is expected to expand, potentially in conjunction with nearby discoveries.

Further potential upside exists in the discovery of substantial copper deposits within the tenement holding of > 800km².
